County Citizens' League
Plans First Action At
Meeting Tuesday

The County Citizens' League, composed of a general county organization and about 27 township organizations, opened "dry" headquarters in the Gray building over Peacock's shoe store Wednesday afternoon. The ministers of the city and several members of the Citizens' League met Tuesday evening in the Baptist church and laid out their plan of campaign.

At Tuesday night's meeting the petitions which were circulated last Saturday were roundly criticized and condemned.

The executive management of the local option campaign will be in the hands of the County Ministerial Ass'n. The county rural districts will be organized later on.

The campaign will be one of ink, as far as the Citizens' County League is concerned. They will scatter literature to every corner of the county within the next few days and start a lively campaign in the city newspapers.

The officers of the county organization are:

President, P. C. Shippis.
Secretary, Rev. Wm. E. Bridge.

Treasurer, A. L. Mathews.
A meeting will probably be held here tomorrow which will be attended by all the officers of the league throughout the county.

Maybe There's
A Roll of Them

Tuesday evening the sewer pipes in the Star hotel became clogged. The clerk, Walter Baker and Ed Mathews, proprietor of the Criterion restaurant hunted and found the seat of trouble. They opened the drain pipes and began fishing in the pipes with a wire. The first thing they pulled out was a \$10 bank note. The two men split.

2562 NAMES
ARE NEEDED
FOR A VOTE

Total Vote at Last General Election Was 7320—Petitions Must Have 35 Per Cent. Electors—Precinct Vote of 1908 Dry Election.

To hold an election under the Rose law in Coshocton county there must be 35 per cent of the total vote cast at the last previous general election, that of 1910, when a total vote of 7320 was cast for the head of the ticket.

That means that 2562 names on the petition will be necessary. In 1908 when Judge Donley managed the dry campaign there were 2,920 names on the dry petitions, and there were a few petitions that came in afterward that raised the total to more than 3000.

The vote of Oct. 22, 1908 gave a total dry majority of 584 although the city voted wet by 877.

Crawford and Tuscarawas townships were the only ones that returned wet pluralities, although White Eyes and Franklin. One went dry by but two votes.

The total vote cast in the 1908 election was the largest in the county's history, totalling 7774. It is interesting to note at this juncture just how each precinct voted in the 1908 dry election. Here it is, taken from the official count as printed in The Daily Age at the time:

PRETTY HARD TO
TELL 'EM APART

Confusion is likely to arise over the similarity of names of the wet and dry committees. The anti-Rose law organization of merchants and businessmen took the name of the Citizens League, and the dry side have taken the name of County Citizens' League. Formerly they used the name "Civic League" and also "Law Enforcement League." Danger of getting each other's mail is apparent.

PROPOSED CHANGES IN CONGRESSIONAL DISTRICTS

Following are features of the Ohio Congressional Gerrymander bill as drafted by the subcommittee, which consisted of Congressman Goeke, State Oil Inspector Finley, Senator T. A. Dean, Representative W. D. Fulton and E. H. Moore, state insurance commissioner:

DEMOCRATIC.			REPUBLICAN.

Majorities are figured on the basis of the Taft-Bryan vote in 1908, when Taft carried Ohio by about the normal Republican majority, 69,591.

Largest district in point of population is the Eighteenth district, with 238,195. The smallest the Fifth, with 180,573. The most of them run close to the average, 216,687. By the present arrangement the districts run from 150,000 to 400,000.

Under the new bill the Democrats would carry 18 or 19, and possibly 20 districts on the basis of the vote of 1910. The districts are so arranged that a drift of sentiment either way will carry a majority of the congressmen.

Individuals are not considered, but political divisions are and counties most easily accessible to each other are thrown together as far as practicable to get the population, geographical lines and political proportions.

Sec. State Graves Gives a
Formal Decision in
Warsaw Case

Bud McClure is Warsaw's next mayor if he wants to be. It is up to him, says Sec. of State Graves rendered a formal opinion on the case yesterday and decided that the five votes for McClure for mayor in the independent column and the 51 votes written in for him at the head of the Republican column, give him a total of 56 or one more than Mayor Wagner, and elects McClure; that it is up to McClure to select which he wants, his election as Republican councilman or as Republican mayor. He takes the latter job, of course.

WARSAW FENCE
TO LIQUIDATE

Village Loses Its Chief
Manufacturing Plant—
Shaw Moves.

It is authentically stated from Warsaw today that the Shaw Fence Co. will liquidate before the first of the year and cease operations.

The company was taken over by local people after being started by the Whitley interests of Springfield some years ago, in which many local farmers were investors. A Warsaw company took hold and with S. C. Shaw as the experienced manager have been doing very nicely. Mr. Shaw now has a flattering offer at big salary to go to Cleveland and as the other members of the company are not manufacturers and do not care to continue it, they will probably liquidate and shut up shop. The firm is in excellent condition and owes no man. Mr. Shaw will probably take the machinery as his share of the liquidation and move it to the Cleveland plant with which he will be associated. Warsaw regrets the prospect not only of losing the plant but of losing Mr. Shaw and family as citizens.

W. Frederickson has resigned his position as bookkeeper in the stockroom of the American Art Works, the resignation to take effect in two weeks. Mr. Frederickson will take a position with a Chicago company.

ASHBROOK IS
AGAINST PLAN
AS SUGGESTED

Would Peel His Plurality
Practically in Two—
Looks Like a Go.

Columbus, O., Nov. 15.—After a lengthy discussion of the subject, a majority of the 16 Democratic congressmen from Ohio formally decided to ask Governor Harmon, through a committee, to call an extra session of the legislature for the purpose of gerrymandering the congressional districts of the state.

The tentative gerrymander bill was agreed upon by all the congressmen except Ashbrook of the Seventeenth district. Francis of the Sixteenth, Post of the Seventh, Bathrick of the Nineteenth and Sharp of the Fourteenth.

General Sherwood of Toledo was opposed to the bill, until it was agreed to add Ottawa county to Lucas county to form the Ninth district. Congressman Sharp was opposed to any redistricting bill which should be adopted by an extra session.

Governor Harmon has so far insisted there must be agreement of all the congressmen on a bill before he would consider calling a session. The day's efforts proved such an agreement impossible to bring about.

The committee which will wait on the governor is United States Senator Pomeroy and J. Henry Goeke of Waynesburg, representing the congressmen; Senator T. A. Dean and Representative W. D. Fulton, representing the Democratic members of the legislature; State Insurance Superintendent Moore and State Oil Inspector Finley, representing the Democratic state organization.

ASEPTIC CO. GETS
HOSPITAL CONTRACT

All Wards Will Be Furnished
Alike—Latest Sanitary
Equipment.

Henry E. Bown, formerly of New Moscow, and now head of the Columbus Aseptic Furniture Co., one of the biggest hospital and sanitary furniture manufacturers in the country, will furnish the furniture for the new Coshocton municipal hospital.

"All wards must be furnished just alike" said Director Timmons of the Safety department to an Age reporter. "We have placed the samples in the Hanlon store window. The bed, stand, clothes rack, and commode are of the sanitary goods; the dresser must be pure white or bird's-eye maple; one rocker, one rug and bedding completes the ward. The bedding must consist of a pair of good woolen blankets, pair of sheets, spread, two pillows and pillow slips; an approved form of mattress and springs is included with the bed. The furniture is all of the most sanitary and approved type, and the local hospital will be the peer of any. While the building will be completed in December, it should stand so to thoroughly dry before used, and ought not be used till some time in January. I would suggest that organizations wishing to furnish rooms see me soon as possible, as there have been more demands for the privilege than we have rooms."

Spencer Trial Begins.
Springfield, Mass., Nov. 15.—An Indian head belt and a monogrammed locket are two of the most valued exhibits that the Commonwealth has against Bertram G. Spencer, the soft-spoken young man who has been called the gentleman burglar, and whose trial for the murder of a Springfield school teacher settled down to real work. The belt was identified as the property of the girl friend at whose house Martha Blackstone, the young woman who was killed, was visiting when the man who shot her came into the room. It was found later in the house where Bertram lived with his wife and baby.

DID YOU EVER SEE SO MANY BABIES? NO ROOSEVELT RACE SUICIDE HERE. OVER 300 NOW---STILL THEY COME.

Every Man, Woman and Child In The City and County, Is Saving Coupons for the Babies — The Race Has Just Started and An Interesting competition is Sure to Result.

SEE THE ENTERPRISE MANAGER AT ONCE

Organize a Campaign in Behalf of Your Little Darling Without Delay — Make The Babe a Winner—Your Little Tot Deserves! You can; Why Not?

On Friday last The Coshocton Daily Age made the first announcement of the baby gift enterprise, which immediately met with public approval. The Age asks of a contestant, parent or friend to gather coupons and send or mail them to this office. Each one counts ten votes and it may be but one of these that will win for the baby.

There are over three hundred babies names on the list of contestants for the grand prizes of eight hundred dollars in gold. Three of these prizes must go to one district and three to another besides the grand prize which is able to go to either district. There are two distinct districts. The city of Coshocton comprises the first district. All the outside territory, including rural routes comprises the second district. The grand prize of \$300 in gold goes to the baby that polls the highest vote in either district. The folks in district No. 1 have the same opportunities and advantages as those of district No. 2 and it is up to them to take advantage of those opportunities.

If you love your baby, dear mother, and the little lad's name appears in the list of contestants, do something to help the baby to win. If the gold is not an incentive the honor should be. Your baby, of course, is the only baby; that is the feeling you should have. It is the spirit of the loving mother, whose bright-eyed baby means the world of contentment and joy, or whose smiling Sue causes the mother to overlook the childish caprices and love the little one in an unexplainable way.

It's all for the babies, there is nothing to it but the babies. From all sides we hear nothing but favorable comment on The Age's great offer, mothers and fathers are talking and planning what to do and how to accumulate the largest number of points. Whole families have signified an intention of taking up the work and it is with that everlasting love and pride in the baby, together with the appreciation of some one nominating the little tot, that causes them to be on the job, gathering coupons.

Do not be discouraged.

Though today may be a day of sorrow, tomorrow will be a time of sunshine.

How much of an effort are you making toward winning the prizes, do you realize that a little extra effort at this time when the field is not literally covered with workers and when your friends have not been besieged by enthusiastic mothers and friends in the interest of some particular baby, may land you a winner in this competition? Do not give this matter several days deliberation; if you expect or intend doing anything for your baby for whom others are showing an interest, do so NOW. Do not put off this essential and important matter till the fever hits you. While you are thinking it over some "wise mother" has anticipated you and secured the business from your friends which you could have had, had you notified them either by personal call or phone, that you meant to make the race in the interest of your little "cherub."

So we urge you to be "up and doing" at once. Do not wait a single hour, for you know delays are dangerous, even to the candidacy of your baby. Unless you appreciate the value of time in this matter you can't hope to occupy a commanding position in this race. You must be aware that the more you think about going to see your friends the harder the matter becomes to you. Don't think about it, but go and see them at once and when you are well into the matter you will be surprised to find how rapidly your friends will rally to your support. As matters now stand, your friends do not know whether it is

Nebraskan Says Neither Party Will Have Landslide Next Year.

Chicago, Nov. 15.—William J. Bryan attended a banquet at the hotel La Salle, called upon United States Senator Kern, and left for St. Louis. He discussed politics, and wound up by reasserting that he would not again be a candidate for the presidency. Asked for an opinion concerning the recent developments in politics, he said:

"The returns, taking the country over, indicate no landslide in prospect toward either party. Republican gains in the east indicate that predatory interests are lining up back of the president. Every inch of ground will have to be fought over. We have another session of congress, which will materially affect the campaign, and of course no one can speak with any certainty in advance."

Soldiers Will Wear Sweaters.

Washington, Nov. 15.—Coats will no longer form part of the uniform of United States troops in the field. The war department has decided that a light sweater was just as comfortable and a more practical garment than the present service coat. This decision means that the soldier will not be as "dressed up" in appearance when parading.

Wake up With a "Dark Brown Taste"?

Get Rid of It! Run for OLIVE TABLETS

There isn't the slightest need to wake up any morning with a "brown mouth." Ugh! No need to describe it.

Dr. Edwards has made "brown mouth" a thing of the past in thousands of homes with his Little Olive Tablets, the substitute for calomel.

Anyone who takes Dr. Edwards' Olive Tablets the moment he suspects his liver and bowels, never has "a dark brown taste," a bad breath, a pimply face, constipation or any other form of bowel or liver disorder.

Take one just the moment you suspect you are constipated or that your liver's out of order.

Thousands take one at bedtime every night just to keep the bowels regular, the liver in order, the mouth clean and the breath pure and sweet.

Olive Tablets are made of pure vegetable compounds mixed with olive oil.

Dr. Edwards spent 17 years in practice and in laboratory experiments before he perfected Olive Tablets.

Why don't you try them instead of the severe kind of laxatives that gripe and only effect temporary relief?

"Every little Olive Tablet has a movement all its own."

At all drug stores in neat pocket packages. At 10c and 25c.

CHINA BEGINS TO SEE LIGHT

Peking, Nov. 15.—With the arrival of Yuan Shih Kai, the national assembly seems to have gained courage and is holding a public session. Many of the members from the provinces, however, are at home attempting to conciliate the warring factions.

An edict orders Yuan Shih Kai to take up the premiership. Another edict directs the provincial viceroys and governors to choose influential representatives to come to Peking to confer upon the situation. The throne will donate one tael to every soldier and policeman in Peking, presumably to induce them to remain loyal.

It is rumored that the national assembly and Yuan are arranging together for a new provisional government and a new regency council. After the imperial audience Yuan conferred with the president and vice president of the cabinet, which is still nominally in power. Yuan has received special dispatches from Hankow, but their import is not known.

It is reported that fighting continues at Hankow, the revolutionists winning additional victories. Hunanese troops are continuously joining the rebels.

PROPER TREATMENT FOR CATARRH

The first thing to be done in the treatment of Catarrh is to begin the use of a medicine that will have a direct effect on the source of the disease; in no other way can any curative progress be made. S. S. S. does this more quickly and satisfactorily than any other medicine.

It is the most penetrating of all blood purifiers, thoroughly, yet gently, expelling all catarrhal matter and impurities from the circulation, and by its fine tonic properties strengthening and building up the system in such healthy manner that it is enabled to overcome the depressing effects of Catarrh. Some local treatment is often desired to open the air passages of the head and nose and relieve the congestion and "tickling" of the throat, and other unpleasant symptoms. There are many helpful measures which may be resorted to, and there are others which may be harmful, and to aid Catarrh sufferers we have prepared a special treatise on the disease which will be of great value to any who suffer with this trouble. This book together with any medical advice free to all who write and request it. Take S. S. S. regularly and according to directions, and it will certainly remove the cause and cure your Catarrh. S. S. S. is sold at drug stores.

I Am Willing To Prove I Can Cure You

To That End I Am Giving Away \$10,000 Worth of Medicine

In order to show beyond all doubt that I am in possession of a medicine that will cure kidney trouble, bladder trouble or rheumatism, I will this year give away ten thousand dollars' worth of this medicine, and anyone suffering from these diseases can get a box of it absolutely free. All that is necessary is to send me your address.

I don't mean that you are to use a part of it or all of it and pay me if cured. I mean that I will send you a box of this medicine absolutely free of charge, a gift from me to the Uric Acid sufferers of the world, so I can show them where and how they may be cured. I will not expect payment for this free medicine, nor would I accept it now or later if you sent it. It is free in the real meaning of the word.

For twenty-five years—a quarter of a century—I have been trying to convince the public that I have something genuine, something better than others have for the cure of stone, chronic rheumatism, for torturing kidney backache, for annoying calls to urinate. But it is hard to convince people—they try a few things unsuccessfully and give up all hope and refuse to listen to anyone thereafter. Happily, I am in a position now to demonstrate to sufferers at my own expense that I have a medicine that cures these diseases. I don't ask them to spend any money to find out; I don't ask them to believe me, nor even ask them to take the word of a man who has been cured. I ask that they allow me to send them the medicine at my own cost. That is surely fair.

To this end I have set aside ten thousand dollars which will be used to compound my medicine. Much of it is ready now to be sent out, all of it fresh and standard. There will be enough for all sufferers, though there are thousands of them, and anyone who needs it can get some of it free. But in order that I shall know that you have a disease for which this medicine is intended, I ask you to send me some of your leading symptoms. If you have any of the symptoms in the list printed here you need my medicine and if you will write me I will gladly send you a box of it free with full directions for your use. Look the symptoms over; see which symptoms you have, then write me about as follows: "Dear Dr. I notice symptoms number—here put down the numbers, give your age, full address, and send it to me. My address is Dr. T. Frank Lynott, 8062 Occidental Bldg., Chicago, Ill."

The ten thousand dollars I am spending for the compounding of my medicine is only a part of the money I am devoting to this cause, for the package of medicine I send you will be fully prepaid at my expense. From any standpoint, you view it, YOU incur no expense or obligation. Just tell others who you know are suffering who you sent the medicine that cured you. I am promising to give away ten thousand dollars' worth of medicine, and I will do that. I am promising to send any sufferer who writes me a box of this medicine and full directions free of charge, and I will do that.

DR. T. FRANK LYNOTT who is giving away \$10,000 worth of medicine.

I can say further that this medicine has been vouchered for according to law as complying in every detail with all requirements. It will stop rheumatism, it will stop pain and backache, it will stop too frequent desire to urinate; it will heal, soothe and strengthen. You will be better in every way for having taken it. There is not an ingredient that can injure; not one but will benefit. All that I ask is that you use it yourself so that you may be personally convinced.

Owing to the large number of requests, I have had ten thousand more copies of my medical book printed. This book is new and up to date and contains complete descriptions, symptoms, causes, effects and cures of kidney, bladder and rheumatic diseases. All who write for the free medicine will be sent a copy of this grand illustrated medical book—the largest ever written on these diseases for free and general distribution.

If you need medicine such as I have, if you are anxious to be cured and don't want to spend any money LOOKING for cures, write me. Read the symptoms over and let me hear from you today.

These Are the Symptoms:

- 1—Pain in the back.
- 2—Too frequent desire to urinate.
- 3—Burning or obstruction of urine.
- 4—Pain or soreness in the bladder.
- 5—Pain or soreness in the kidneys.
- 6—Gas or pain in the stomach.
- 7—General debility, weakness, dizziness.
- 8—Pain or soreness under right rib.
- 9—Pain or soreness in the body.
- 10—Constipation or liver trouble.
- 11—Pain in the hip joint.
- 12—Pain in the neck or head.
- 13—Pain or swelling of the joints.
- 14—Pain or swelling of the joints.
- 15—Pain or swelling of the muscles.
- 16—Pain or swelling in the neck.
- 17—Pain or swelling in the neck.
- 18—Acute or chronic rheumatism.

GET READY FOR COAL STRIKE

Operators See Signs of Uneasiness in Pennsylvania.

New York, Nov. 15.—Activity of organizers for the United Mine Workers of America in the anthracite fields of Pennsylvania is causing talk among the big operators that another coal strike is a possibility.

Therefore, many are advising large users of coal to lay in a supply for use after March 31, when the present contract with the union expires.

Though no shortage in the supply is anticipated, unless indications of a strike become more alarming, some of the big operators have already declined to sell coal to other than their regular customers.

The fact that the United Mine Workers contract with the operators expires in a presidential year is a factor in the situation. A movement is said to have started in the anthracite fields to get the men together on demand for an eight-hour day and recognition of the union and check-off. These are practically the demands that led to the last anthracite strike, and will be opposed by the operators. Just what action the movement among the workers may lead to will not be known until the miners' convention is held in January.

GRANGERS TO KEEP OUT OF POLITICS

Columbus, O., Nov. 15.—Members of the Ohio State Grange took an indirect slap at the initiative and referendum when they tabled a resolution bearing on the subject. The grange committee failed to report on one resolution favoring the initiative and referendum, and in submitting one in opposition made no recommendation, but expressed antagonism to direct legislation. "Keep out of politics," warned one granger, and others took up the cry. Opinion was widely divided on the question.

Resolutions adopted declared for an extended parcels post, woman's suffrage, pure seed laws, standardizing cream and ice cream, a law making the standard weight for a bushel of potatoes 56 instead of 60 pounds and for apples 48 instead of 50, extension of the postal savings bank system to fourth-class post-offices, exemption of mortgaged real estate from taxation and against the licensing of the liquor traffic and the present system of dairy inspection. The latter resolution stated that many municipal dairy inspectors and politicians are not experts, consequently not capable of performing their duties properly.

GARDNER LEADS FIGHT

Says National Grange Officers Tools of Politicians.

Columbus, O., Nov. 15.—The National Grange convened here this morning for a four-day session, nearly 500 delegates from all over the country being in attendance. Many subjects of importance will be discussed. The National Grange public reception will be held in the Chamber of Commerce auditorium this evening. T. C. Laylin will deliver the "Greetings from the Grange of Ohio," and N. J. Bachelder of New Hampshire, master of the National Grange, will respond. The address of welcome on behalf of the state of Ohio will be delivered by Governor Harmon and this will be responded to by Aaron Jones of Indiana, past master of the National Grange.

United States Senator Gardner of Maine is on hand to lead the fight of the insurgents upon present officers of the National Grange. He says their officers are the tools of politicians.

CATARRH OF THE STOMACH

A Pleasant, Simple, But Safe and Effective Cure, for it.

Costs Nothing to Try.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure of the heart and lungs and difficult breathing, headaches, flickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure of this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do, and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanston, the safest and best treatment is to use after each meal a tablet, composed of Diastase, Aseptic Pepsin, a Little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

The plan of dieting is simply another name for starvation, and the use of prepared foods and new fangled breakfast foods simply makes matters worse as any dyspeptic who has tried them knows.

As Dr. Bennett says, the only reason I can imagine why Stuart's Dyspepsia Tablets are not universally used by everybody who is troubled in any way with poor digestion, is because many people seem to think that because a medicine is advertised or is sold in drug stores or is protected by a trademark it must be a humbug, whereas, as a matter of fact, and druggist who is observant knows that Stuart's Dyspepsia Tablets have cured more people of catarrh of the stomach, indigestion, heartburn, heart trouble, nervous prostration and run-down condition generally, than all the patent medicines and doctors' prescriptions for stomach trouble combined.

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of the stomach, biliousness, sour stomach, heartburn, and bloating after meals.

For sale by all druggists at 50c a box. Send your name and address today for a free trial package and see for yourself. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

NEW RATES ENJOINED

Commerce Court Again Balks Interstate Commission.

Washington, Nov. 15.—The United States commerce court, in its opinion filed granting a temporary injunction against the interstate commerce commission in the important intermountain rate cases, strikes a hard blow at the commission's assumption of power to make blanket railroad freight rates for the entire country. The court's opinion, although relating only to the temporary injunction restraining the commission from enforcing its orders pending a determination of the merits of the appeals, clearly showed that the court will permanently enjoin the enforcement of the sweeping reductions ordered by the commission. These reductions affected practically every railroad in the country and applied to nearly all articles in interstate commerce. The order of the commission was one of the most important ever entered by it, in many cases the reductions in rates ordered amounting to 20 per cent.

The opinion of the court puts a stop to the interstate commerce commission's attempt to divide the country into rate zones and to apply general rates to these zones without investigations in specific instances. The court holds that this is entirely beyond the power of the interstate commerce commission.

Senator Says He Will Do Best to Jail Trust Officials.

Columbus, O., Nov. 15.—Senator Alcee Pomerene, while here to attend the congressional gerrymander, announced that he shall devote much of his time early in the session of congress to urging criminal prosecution of trusts. He said:

"The only way to prevent the trusts from breaking laws is to send their officers to prison. John D. Rockefeller and other active heads of the Standard Oil must go to jail or the decision of the supreme court means nothing to the people when it says that the Standard Oil violates the law. The financial or the social standard of a criminal should not act in itself."

Bigelow Says He Is Not Backing Dayton Man For Governor.

Cleveland, O., Nov. 15.—Congressman Bigelow, of the Cuyahoga county constitutional convention delegation met Herbert S. Bigelow of Cincinnati to lay plans for a definite line of action to be pursued in the convention.

Bigelow made emphatic denial that he is a party to any deal to throw progressive support to Congressman James M. Cox for governor to succeed Harmon, in return for financial support for Harmon for president from John R. McLean and money interests influenced by McLean.

Bigelow, probable president of the coming constitutional convention, told members of the Cuyahoga county convention delegation that he favors retention of the present constitution and the separate submission, as amendments of the liquor question, the initiative and referendum and home rule for municipalities. Pledged progressives throughout Ohio will consider adoption of this or other plans in pre-convention caucuses.

UNIONS START MOVEMENT

Will Investigate High Cost of Living Throughout Country.

Indianapolis, Nov. 15.—War against the high cost of food products throughout the nation by union labor is the aim of the "Cost of Living League," as announced here by the organized labor forces of the city.

James M. Lynch, international president of the typographical union, who is chairman of the committee which recommended the formation of the new league, said he believed organization and continued agitation will uncover the real causes of the excessive cost of living.

The plan of the committee, as outlined by Lynch, is that there shall be an interchange of information regarding the living cost as soon as other "Cost of Living Leagues" are formed in the different cities. Such an exchange of ideas, it is believed by the new organization here, will lead ultimately to methods whereby the problem will approach solution. It is planned to communicate immediately with union labor organizations in other cities regarding the formation of new leagues. As soon as the movement gains headway with the union forces, it is planned to devise a method to reach the unorganized workers of the nation.

Chicago, Nov. 15.—A further effort of the indicted Chicago meat packers to avoid trial and to have declared unconstitutional, void and of no force the Sherman anti-trust law, was made. The arguments will be heard tomorrow.

Your Money Back if You Are Not Satisfied With the Medicine We Recommend

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate, and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

We want you to try Roxxal Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons, and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness, nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation. If not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time: 12 tablets, 10 cents; 36 tablets, 25 cents; 60 tablets, 50 cents. Sold in Coshocton only at our store—The Roxxal Store, Sieglist & Williams.

Our rolls and bread tickle the children. Everything we bake is wholesome and palatable. There's health in our rolls, bread and pastry, as well as a delicious flavor. Unobtainable in other bread and pastry. The little ones are not the only ones who delight in our bakery products—the older folks also like them.

FIGHTING FOR
TEMPERANCE

There appears to be little doubt that an election under the provisions of the Rose law will be held in this city in December. And as The Age has previously remarked and emphasized, that, as well as all other such elections held in this state this fall, is a step toward temperance. The Rose law has brought forward a most unhappy situation. Never till it was written on the statute book, did Ohio know anything of the bootlegger, the blind tiger, and all those kindred evils. It shut the front doors and opened back doors in a ratio of 100 to one. The present agitation started by retail merchants is the greatest start toward temperance that has been taken in this community in a decade. It means an end to the present unbearable conditions that have been forced on this once happy and prosperous community by the Rose law. It means the opening of a new era. It means temperance. The men who signed that resolution of the Citizens' League stand for temperance. They are temperate men. They are leaders in thought and in good works in this community. They are the men who make and maintain public opinion. When the Rose law was voted into existence in this county three years ago, it was done by an honest conviction, an honest opinion that it would put a stop to drunkenness, reduce taxes, make happier homes, put an end to debauchery and crime. And the people voted for it, striving for something better and always uplifting. They have seen their mistake. The overture came to pass. Crime increased. Drunkenness increased. Illicit liquor selling reared its nasty head not only in the town but all through the country. Moderate beer drinkers became whisky drinkers and drunkards. The community became disrupted and debauched. Today the business men and farmers of this county are again striving for temperance, and are in earnest. It is useless to tell them that the Rose law is right, that it is effective; they KNOW. Experi-

ence, though dear, has taught a force-
ful lesson. They want temperance
and are convinced more and more that
it does no good to pound the drinking
evil on the tail; it must be grasped
by the throat and looked squarely in
the eyes. Individuals must be taught
not to abuse themselves in the use of
liquor, and its traffic must be
stringently regulated. The men who
signed the Citizens' League resolution
are going to make an honest effort
to see that it is done. It is a heavy
responsibility which they have as-
sumed in their honest effort to rid
this county of the bootlegger and
kindred evils, but the men are hon-
est and they are earnest. We have
tried the Rose law and to quote a re-
cent public communication—"meme,

found wanting.

BLANKETS

The average man along the street
becomes pretty well convinced as win-
ter progresses, that the man who will
let his horse stand a long time with-
out being blanketed, probably treats
his wife and children in about the
same manner. The man who is kind
to the dumb beast is essentially of
a considerate disposition, and thinks
of others before he thinks of selfish
comforts. And this is the time of
year when it takes very little to show
what a man really is. There is a
breakfast food that always has on
the outside of its package "tell me
what you eat and I'll tell you what
you are"; it might be revised that as
a man acts with a beast of burden,
so he acts toward his fellow men. That
rather mythical place of eternal pun-
ishment is not altogether hot; we be-
lieve there are cold and blizzard
spots in it, and that the men who
leave their horses unblanketed in
the cold during winter weather, will
spend about seven days out of a week
in eternity hitched in the face of a
driving snow storm, sans everything
but a mean disposition.

If you are comfortable and cozy at
your own fireside, it is all the more
reason you should think of the un-
fortunate poor who have a struggle
to keep the embers burning. A dol-
lar in charity now is worth many
hundreds in a will after while.

If Taft's war with the money pow-

is about as wary as the other.

Judging from the way winter has

FOR SOFT, BRILLIANT HAIR
Faded, brittle hair and an itchy,
scaly scalp result from a starved con-
dition of hair-sacs and small blood
vessels. A vigorous massage, using
a good tonic to give them renewed
life and energy, stops itching and
overcomes dandruff. A pleasing and
highly satisfactory hair and scalp
tonic can be prepared at home by mix-
ing together a half-pint each alcohol
and water; into this pour one ounce
beta quinol, and your tonic is ready.
For best results use a little each
night; after a few applications the
hair gradually assumes its former col-
or and luster because of the return
of the normal amount of pigment nec-
essary to prevent fading. Continued
use induces an abundant growth of
beautiful hair.

ANSWERS TO QUERIES.
M. T. K.: The delicate tint and re-
finement of an ideal complexion is
easy to acquire, if this treatment is
followed: After thoroughly cleansing
the skin with warm water and a mild
soap, apply generously some cerol
cream, massaging with a gentle, ro-
tary movement until it vanishes. The
cerol cream applied daily will make
a soft, lifeless or oily skin radiate
with youthful health, and after a
short time using wrinkles and rough-
ness vanish and a new complexion
peeks forth with all its rich purity
and charming tint. Make the cream
by dissolving two ounces cerol in
three-fourths pint boiling water; stir
until smooth and creamy.

May R.: If you use plain eggol to
cleanse the scalp and hair, I am sure
"shampoo day" will not be dreaded,
but looked forward to with considera-
ble pleasure. With a quarter you can
buy sufficient eggol at the drug store
for a dozen excellent shampoos. Dis-
solve one teaspoonful of this in a
cup of hot water and as you pour
it on the head, rub briskly. This cre-
ates a heavy lather that loosens every
particle of dust and dirt, relieves itch-
iness and corrects minor scalp trou-
bles. After rinsing, the scalp is clean
and refreshed, and the hair is soft
and shining.

Harvester Combine Before Leaving
Must Pay Fine of \$50,000.
Jefferson City, Mo., Nov. 15.—Char-
acterizing the International Har-
vester company as a "gigantic and
nefarious scheme," and passing upon
it practically the same judgment ren-
dered in the case of the Waters-
Pierce Oil company in connection
with the Standard Oil case, Judge
Graves of the supreme court of Mis-
souri wrote the controlling opinion in
the International Harvester case,
holding that the company should be
ousted and fined \$50,000.

The ouster will be suspended, says
the court, by the payment of the fine
within 60 days, and if in that time
the company withdraws from its con-
nection with the New Jersey com-
pany it will be allowed to do busi-
ness in this state.

Washington C. H. Singer Accused of
Perjury by Wife's Father.

Washington C. H. O., Nov. 15.—
Billy Fenton, singer in a local the-
ater, is in jail on a charge of per-
jury, to which that of bigamy may
be added. On June 14 Fenton was
married to Miss Ethel May Dixon,
20, a school teacher of New Holland.
Saturday two women—given; their
names as Mrs. W. S. Logan and Mrs.
Mary Golden of Ashland, Ky., came
here in search of Mrs. Logan's hus-
band, who she suspected was singing
under the name of Billy Fenton.
Miss Dixon's father caused the arrest
of Fenton on a charge of perjury in
securing a marriage license under a
false name. Later Mrs. Dixon said
the whole affair was a joke; that
she was Fenton's sister and Mrs.
Golden was his half sister. When
brought before Mayor Allen as wit-
nesses the women broke down and
denied any relationship to Fenton.

TEAMSTERS REFUSE AID

Action Breaks Backbone of Street
Cleaners' Strike.

New York, Nov. 15.—The strike of
the drivers of the street cleaning de-
partment has fizzled out. Commis-
sioner Edwards has more than
enough hired strikebreakers and
civil service recruits are pouring in.
The department, having made steady
progress in Brooklyn, got under full
headway in Manhattan and the
Bronx. The police, supported by the
magistrates, have repressed disorder
vigorously, and brick throwers and
hooligans have disappeared from the
streets. Threats of the strike leaders
to bring about a general strike of the
teamsters did not materialize.

Farmers, mechanics, railroaders, la-
borers rely on Dr. Thomas' Electric

their staffs to withdraw, as the war-
ships could not protect the consul-
ates.

Mustard Plasters

Are Out of Style

Gone are the days when the good
old mustard plaster brought agony
to your countenance and blisters to
your skin.

The new discovery that takes its
place in medicine and does its work
better is Begy's Mustarine, and it is
guaranteed under the food and drug
act. C. E. Anderson has been ap-
pointed the agent for Coshocton.

Begy's Mustarine is called a new
discovery, but it has been used and
prescribed by physicians for five
years.

It is simply splendid for colds on
chest, sore throat, pleurisy, bronchi-
tis, deep-seated coughs, neuralgia,
headache, earache, toothache, lame-
ness, stiff joints, lumbago and rheu-
matism.

Begy's Mustarine is always ready
for use. Just rub it on. It acts in-
stantly, will not blister and is very
cleanly to use. C. E. Anderson sells
it for 25 cents a box, and money back
if dissatisfied. A box is equal to 10
mustard plasters. Mail orders filled,
charges prepaid, by J. A. Begy Co.,

COSTELLO AT LUNA

The most popular player shown in photoplay, Maurice Costello will be seen at Luna tonight in a romantic western drama entitled "A Western Heroine." Costello as Roger, a ranch boss is entrusted with a large sum of money to be delivered to Howell, partner of the ranch owner. Roger is waylaid and killed but his niece, Sue, escapes the bandits, delivers the money safely, is wooed and won by Howell and becomes his wife.

Costello is at his best in this play. Don't miss it for any reason. Another film by the Kalem Co. entitled "For Her Brother's Sake" with Alice Joyce and Carlyle Blackwell in the stellar roles. Miss Joyce has hundreds of admirers in this city who will surely see her tonight at Luna in this picture—the landslide and rescue from a caved-in mine are two of the most thrilling scenes ever presented in photoplay.

WYANDOT-CO. GOING AFTER THE SALOON

Must Obey Strict Laws Or Suffer a Heavy Penalty.

In Wyandot county where the voters recently ousted the Rose law after three years trial and have gone back to the regulated saloon, drastic ordinances are being passed. The Upper Sandusky council has passed an ordinance permitting the saloons to open at 5:30 a.m. and that they must close at 10 p.m. each night, and be closed all day Sundays, with heavy penalties attached. Serious must be done away with and a clear and unobstructed view given of the interior. No gambling shall be allowed in a saloon or any other sort of place, and a heavy ban is placed on slot machines. Even gambling or wagering over billiards or pool is stopped.

At Carey another town in the county, the opening hour for saloons is fixed at 6 a.m. and closing at 2 a.m. and neither chairs, tables, cards or dice are allowed in them. Heavy

penalties are affixed for breaking the ordinance.

The ordinances are in addition to the provisions of the Dean character law.

IS SOMEWHAT F.IGHTY

Paul Beattie Makes and Unmakes Affidavits in Rapid Succession.

Richmond, Va., Nov. 15.—Governor Mann is expected to render a decision some time today in the case of Henry Clay Beattie, Jr., who is to be electrocuted Nov. 24 for a life murder. The governor has been strongly urged to commute the sentence to life imprisonment.

The affidavit signed by Paul Beattie, cousin of the condemned man, who was one of the state's principal witnesses at the trial, was presented to the governor. In the affidavit Paul Beattie says that while a prisoner in jail and with suspicion directed to ward him, he made statements that were untrue. He says:

"I did not give the man in question to my cousin, Henry Clay Beattie, Saturday night, July 15, 1911, and I had said on Sunday morning, July 16, 1911, at the cement house near the Mayo bridge, as stated by H. H. Nebbett on the witness stand; and H. C. Beattie Jr. did not make a confession to me on his father's porch nor had he ever made such a confession to me any time or place."

After signing the affidavit in Washington Paul Beattie and his wife called at the police station and made a sworn statement to the officers in charge to the effect that he never visited a notary in Washington and had not made an affidavit. He alleged he was lured to Washington on promise of a job, was drugged and made to sign the papers in question.

GRAY HAIR MAKES YOU LOOK OLD

Use Wyeth's Sage and Sulphur and Your Gray Hair Will Quickly Vanish.

Gray hair is a mark of age, and nothing that can be said as to its beauty will offset the disadvantages of this mark of age set upon your brow. Wyeth's Sage and Sulphur Hair Remedy darkens the hair and restores it to its youthful beauty. Our grandmothers and their grandmothers before them used sage and sulphur for darkening their hair. Nothing has ever been found more effective for this purpose than these two time-honored remedies, but Wyeth, a modern chemist, has combined the two with other ingredients, which makes a delightful dressing for the hair, and which not only removes every trace of dandruff but promotes the growth of the hair. It also stops the hair from falling out, and makes it beautiful. All druggists are authorized to refund the money if it fails to do exactly as represented. Don't neglect your hair and don't resort to obtaining hair dye. Get a bottle of Wyeth's Sage and Sulphur from your druggist to-day, and notice the difference in your hair after a few days' use. This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

There was trouble at the factory. The superintendent sat frowning over the mass of correspondence on his desk.

LOCAL WOMAN KNEW VICTIM

Mrs. G. H. Artman Related To Thompkins, Killed in Nitro Explosion.

Mrs. C. H. Artman of North Third street was a personal friend and a distant relative by marriage, of Benjamin Thompkins who was blown to atoms in the nitro-glycerine explosion at Utica Monday. Mr. Thompkins' wife was a sister of Mrs. Artman's brother-in-law. Mrs. Artman formerly lived in Crooksville, Thompkins' home and has known the unfortunate man since childhood.

Newark, Nov. 15.—Excitement is still intense as a result of the terrific nitro-glycerine explosion at Utica Monday morning in which Benjamin Thompkins lost his life.

A number of men were put to work by the Marietta Torpedo company early Tuesday morning on the site of the former storage magazine with the hopes that at least a portion of the remains of Thompkins would be found, but up to 10:30 o'clock when the search was called off, no signs of the body were located. A few bits of Thompkins' clothing and underwear were found but no particles of the unfortunate man's body.

Several farmers residing north of Utica, who were making early trips to the village, report that they saw Thompkins on his way to the magazine and that they waved a recognition to him, but further than that no report of seeing him just previous to the explosion. Mr. Cunningham, a brother-in-law of Thompkins, arrived in Utica Tuesday morning. He is a resident of Crooksville and says that he felt the shock resulting from the explosion; Crooksville is distant 55 miles from Utica.

Notwithstanding the several reports to the contrary no trace of Thompkins' remains have been found and it is probable that no trace of his remains will ever be located.

At a meeting of physicians at the feed barn at 3 o'clock Monday afternoon it was decided that the meat and pieces of flesh and bone were that of the horses which Thompkins drove. Portions of the wagon and debris from the explosion are constantly being picked up by visitors and nearby residents.

The Marietta Torpedo company only last week lost a man in the southeastern portion of the state by an explosion similar to that at Utica.

The Bronx in New York.

Even in New York comparatively few residents know the origin of the name Bronx. It came from an early settler, Jonas Bronck, who, with two companions, sailed from Holland in the private armed ship Fire of Troy and arrived in New Amsterdam in July, 1639. Bronck at once obtained from the Dutch West India company a grant of 500 acres of land in what is now Westchester county, "lying between the Great Kill" (the Harlem river) "and the Abiquahung" (the Bronx river). An old "Tracing of Bronck's land" is still preserved in the office of the secretary of state at Albany, and the location of Jonas Bronck's house is shown thereon.

OTSEGO ENJOYS BIG OIL BOOM

McIntire Company Takes Over 3,500 Acres in Leases

The McIntire Oil & Gas Co., Zanesville, has recently entered the Otsego field, having taken over the Jesse

Romaine leases consisting of about 3500 acres lying to the west and north of Otsego, in what is now coming to be thought the "top of the cream" of the Otsego field. Mr. N. M. Kinkade, the veteran oil and gas man, and the president and general manager of the McIntire company has spent considerable time during the last five or six weeks in the field, and has run the levels and done the other necessary work preparatory to locating the wells. Noah is well satisfied with the outlook and in conversation with a reporter yesterday said: "I believe I have got the best field I have ever seen; there has been a feeling for some time that the development near Otsego was only on the outer edge of a much larger field. My surveys show

that surmise to be correct, and I am satisfied that I can go and walk over it—and the recent strike on the Cowden farm bears me out."

Mr. Kinkade also remarked that he expected to locate some wells in the very near future.

It looks very much as if there was going to be a big boom in the Otsego field.
